Demonstration: Use Level A, trials 1 and 2 to demonstrate.

Discontinue Rule: Discontinue any item after 15 minutes or 23 attempts.

Attempt: each time a participant clicks on "go" to build a cookie.

Timing: Because some participants will take time to study the cookie before starting their response, the trainer should say something like, "go ahead" or "okay, go" to indicate the beginning of the trial and start timing at that time.

* As new tools appear, pause to explain the function of each one.
